You are F: Youth Umpire (Liam Smith, age 14)

You are a 14-year-old umpire. Your mother is Maria Smith. Try to follow the sheet without help, as a real teenager would.

Tabs you should see	Home, My details
Session 1 (setting up)	You take part (3 steps)
Session 2 (game day and after)	You take part (10 steps)

Rules of the day

- This is a test of the APP, not of you. If something is confusing, that IS the finding: write it down.
- Use your own device (a phone if you can). If you play two people, use two browser windows, one of them private, and keep their pretend clocks separate.
- Do only what your sheet says, when your cue arrives. The facilitator announces each phase on the call.
- Stuck for 3 minutes? Write down the step number and what you saw, tell the facilitator, and move on.
- Do NOT fix or change anything your sheet does not ask for.
- Everything runs on the TEST database. All emails go only to the facilitator's inbox, marked [TEST for ...]. No real person receives anything, and no money moves.
- Tick Pass or Fail for every step. The words on the screen may differ slightly from the sheet: that is fine, but note if a button was hard to find.
- Pretend time (the bar at the top of the page) only changes YOUR browser. Press Use real time when a phase says so.
- A star after a step number (for example 3.1 ★) marks a MUST-PASS step: the minimum the app has to do.

Good to know

- Pretend time changes what the screens, check-in and notes see. A few database rules (such as the date limit when the treasurer works out earnings) use the real date, which is why Phase 7 uses last month's real seeded games.
- The app sends email about every 5 minutes by itself. During the test the facilitator runs the sender by hand, so messages arrive when announced.
- The sign-up email in step 1.1 is the real sign-up system (it goes to a real address), unlike every other message.
- Stripe (real payments) is not built yet. Step 7.11 is a placeholder where your opinion is the result.
- The consent wording is DEMO wording. The real wording will come from the board.
- Written on the sheets: logins and the shared test password. These accounts exist only on the TEST database.

Session 1: Setting up: your steps (F: Youth Umpire)

Wait for the facilitator to announce each phase. Within a phase, do a step when its Start when cue happens. Steps for ALL are for everyone.

Session 1: Setting up

Get everyone signed in, add a new umpire, link a parent, build Saturday's schedule, and handle the younger umpire who needs consent. About 65 minutes. The Treasurer can skip this session.

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 0: Before we start Facilitator only, then everyone signs in and checks their screen. About 15 minutes.						
0.6 ★	*After 0.5 (Facilitator)*	Your own device (a phone if you can)	Open the TEST site address from the facilitator. Sign in with the login on your cast sheet. Look at the tabs across the top. Press Sign out, then sign in again.	You land signed in and the tabs match the list on your sheet. Sign out works. Write down anything odd, such as slow loading or a layout that does not fit your phone.	[ ] Pass [ ] Fail	
0.7	*After 0.6*	Top of the page: the Pretend time bar	Press Set pretend time, pick any date and time, press Set. Then press Use real time.	A bar says Pretend time: (the time you chose) (not real). After Use real time it goes away. (Pretend time only affects your own browser.)	[ ] Pass [ ] Fail	
Phase 2: Building the schedule Assign umpires to Saturday Nov 14, confirm, take a game, set availability. About 20 minutes.						
2.6 ★	*After 2.4 (Scheduler) (Scheduler says 'assigned')*	Home, then My schedule	Sign in as Liam. Find your new game on Saturday Nov 14 and press Confirm.	You see Saturday, 9:00 AM, A-Yankees vs A-Dodgers at Roy Cloud Elementary, marked Assigned. After Confirm it says Confirmed.	[ ] Pass [ ] Fail	

Notes and problems (F: Youth Umpire, Session 1)

Write one line for each problem. Blocker = I could not continue. Annoying = it worked but was confusing or slow. Idea = something that would help.

Step #	What happened, or what confused you	Blocker / Annoying / Idea	Who saw it too?

My score, from 1 (I would not trust it) to 5 (I would happily use it next season): _____

The three most confusing moments:

1. _____
2. _____
3. _____

One thing that worked well: _____

Session 2: Game day and after: your steps (F: Youth Umpire)

Wait for the facilitator to announce each phase. Within a phase, do a step when its Start when cue happens. Steps for ALL are for everyone.

Session 2: Game day and after

The day before, game day, the reports, payroll, and the later changes (consent withdrawn, turning 18), then the things that must not work. About 2 hours. Everyone takes part.

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 4: The day before (pretend Friday Nov 13) Reminders go out, and parents are copied. About 15 minutes.						
CLOCK: Everyone sets pretend time to Fri 11/13/2026, 9:00 AM.						
4.0b	*After 4.0a*	Your own device	Open the TEST site and sign in with your login (if you were in Session 1 and are still signed in, just check). Look at your tabs. If you were not in Session 1, read page 1 of your sheet first.	You are signed in and your tabs match your sheet. The Treasurer, who skipped Session 1, does steps 0.6 and 0.7 here instead (sign in, then try the pretend time bar).	[ ] Pass [ ] Fail	
4.5	*After 4.3 (Facilitator)*	Your imagination, with the facilitator	Listen while the facilitator reads Liam's own reminder. Would a 14-year-old understand it?	There is nothing to press. Write down your reaction.	[ ] Pass [ ] Fail	
Phase 5: Game day (pretend Saturday Nov 14) Check-in, running late, a no-show, a replacement, notes, and a rainout. About 30 minutes.						
CLOCK: Everyone sets pretend time to Sat 11/14/2026, 7:30 AM to start. Steps say when to move your clock forward.						
5.1 ★	*Phase 5 begins*	Home, then your game on Saturday Nov 14	**CLOCK: Sat 11/14 7:30 AM** Set pretend time to Sat 2026-11-14, 7:30 AM. Look at your 9:00 AM game for a check-in button.	There is NO I'm here button yet (check-in opens one hour before the game, at 8:00 AM).	[ ] Pass [ ] Fail	
5.2	*After 5.1*	Home, then your game	**CLOCK: Sat 11/14 8:30 AM** Set pretend time to 8:30 AM. Look for the button that says you are running late and press it (choose about 10 minutes if asked).	The app thanks you / confirms, and your game shows that you reported running late.	[ ] Pass [ ] Fail	
5.4 ★	*After 5.3 (Umpire Chief)*	Home, then your game	**CLOCK: Sat 11/14 8:50 AM** Set pretend time to 8:50 AM. Press I'm not late after all, then press I'm here.	Your game shows that you arrived at about 8:50, on time.	[ ] Pass [ ] Fail	
5.10 ★	*After 5.9 (Scheduler)*	Home, then your game	Reload and look at the notes on your 9:00 AM game.	You can see the first note (parking). You must NOT see the second one (administrators only).	[ ] Pass [ ] Fail	
Phase 6: After the games Reports. About 10 minutes.						
CLOCK: Keep pretend time at Sat 11/14/2026, 11:30 AM.						

#	Start when	Where	What to do	What you should see	Result	Notes
6.1	*Phase 6 begins*	Home, then the post-game report section	**CLOCK: Sat 11/14 11:30 AM** Set pretend time to Sat 11:30 AM. For your 9:00 AM game press Write a post-game report. What happened: TEST: Game went fine, no problems. Save it.	Your report is saved and listed for you.	[ ] Pass [ ] Fail	
Phase 7: Payroll (no real money) Earnings from last month's real seeded games, a payroll, approval, and recording a payment. About 25 minutes.						
CLOCK: Everyone: press Use real time. Payroll uses the earlier games already in the system.						
7.11	*After 7.10 (Treasurer)*	STRIPE PLACEHOLDER: nothing to press	In the real system, this is where each parent would press Set up payments (a Stripe screen) and where the treasurer would send the approved money through Stripe. It is NOT built yet. Write down: where would you expect to find it, what would you want to see, and what would worry you about being paid this way?	Nothing happens. Your notes are the result.	[ ] Pass [ ] Fail	
Phase 9: Things that must NOT work Each person tries to open a page they should not be able to. About 10 minutes.						
9.1 ★	*Phase 9 begins*	The address bar	At the end of the web address type #/payments and press Enter. Then try #/reports and #/families.	You do NOT get a Payments, Reports or Families page. You stay on your own pages.	[ ] Pass [ ] Fail	
Phase 10: Wrap-up Everyone writes down what they thought. About 10 minutes.						
10.1	*Phase 10 begins*	Your notes page	Fill in the Notes and problems page: the three most confusing moments, anything that did not work, and one thing that worked well. Give a score from 1 (I would not trust it) to 5 (I would use it next season).	A completed page. Be honest: nothing here is a test of you.	[ ] Pass [ ] Fail	

Notes and problems (F: Youth Umpire, Session 2)

Write one line for each problem. Blocker = I could not continue. Annoying = it worked but was confusing or slow. Idea = something that would help.

Step #	What happened, or what confused you	Blocker / Annoying / Idea	Who saw it too?

My score, from 1 (I would not trust it) to 5 (I would happily use it next season): _____

The three most confusing moments:

1. _____
2. _____
3. _____

One thing that worked well: _____
