You are D: Treasurer

You work out what umpires earned, add adjustments, build and approve a payroll, and record payments. No money moves in this test. Your work is in Session 2: Session 1 is optional for you (you are welcome to watch).

Password	**erik+treasurer111**
Tabs you should see	Payments, My details
Session 1 (setting up)	Optional for you: you may watch. (Your two sign-in steps are repeated at the start of Session 2.)
Session 2 (game day and after)	You take part (13 steps)

Rules of the day

- This is a test of the APP, not of you. If something is confusing, that IS the finding: write it down.
- Use your own device (a phone if you can). If you play two people, use two browser windows, one of them private, and keep their pretend clocks separate.
- Do only what your sheet says, when your cue arrives. The facilitator announces each phase on the call.
- Stuck for 3 minutes? Write down the step number and what you saw, tell the facilitator, and move on.
- Do NOT fix or change anything your sheet does not ask for.
- Everything runs on the TEST database. All emails go only to the facilitator's inbox, marked [TEST for ...]. No real person receives anything, and no money moves.
- Tick Pass or Fail for every step. The words on the screen may differ slightly from the sheet: that is fine, but note if a button was hard to find.
- Pretend time (the bar at the top of the page) only changes YOUR browser. Press Use real time when a phase says so.
- A star after a step number (for example 3.1 ★) marks a MUST-PASS step: the minimum the app has to do.

Good to know

- Pretend time changes what the screens, check-in and notes see. A few database rules (such as the date limit when the treasurer works out earnings) use the real date, which is why Phase 7 uses last month's real seeded games.
- The app sends email about every 5 minutes by itself. During the test the facilitator runs the sender by hand, so messages arrive when announced.
- The sign-up email in step 1.1 is the real sign-up system (it goes to a real address), unlike every other message.
- Stripe (real payments) is not built yet. Step 7.11 is a placeholder where your opinion is the result.
- The consent wording is DEMO wording. The real wording will come from the board.
- Written on the sheets: logins and the shared test password. These accounts exist only on the TEST database.

Session 1: Setting up: your steps (D: Treasurer)

Wait for the facilitator to announce each phase. Within a phase, do a step when its Start when cue happens. Steps for ALL are for everyone.

Session 1: Setting up

Get everyone signed in, add a new umpire, link a parent, build Saturday's schedule, and handle the younger umpire who needs consent. About 70 minutes. The Treasurer can skip this session.

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 0: Before we start Facilitator only, then everyone signs in and checks their screen. About 15 minutes.						
0.6 ★	*After 0.5 (Facilitator)*	Your own device (a phone if you can)	Open the TEST site address from the facilitator. Sign in with the login on your cast sheet. Look at the tabs across the top. Press Sign out, then sign in again.	You land signed in and the tabs match the list on your sheet. Sign out works. Write down anything odd, such as slow loading or a layout that does not fit your phone.	[ ] Pass [ ] Fail	
0.7	*After 0.6*	Top of the page: the Pretend time bar	Press Set pretend time, pick any date and time, press Set. Then press Use real time.	A bar says Pretend time: (the time you chose) (not real). After Use real time it goes away. (Pretend time only affects your own browser.)	[ ] Pass [ ] Fail	

Notes and problems (D: Treasurer, Session 1)

Write one line for each problem. Blocker = I could not continue. Annoying = it worked but was confusing or slow. Idea = something that would help.

Step #	What happened, or what confused you	Blocker / Annoying / Idea	Who saw it too?

My score, from 1 (I would not trust it) to 5 (I would happily use it next season): _____

The three most confusing moments:

1. _____
2. _____
3. _____

One thing that worked well: _____

Session 2: Game day and after: your steps (D: Treasurer)

Wait for the facilitator to announce each phase. Within a phase, do a step when its Start when cue happens. Steps for ALL are for everyone.

Session 2: Game day and after

The day before, game day, the reports, payroll, and the later changes (consent withdrawn, turning 18), then the things that must not work. About 2 hours. Everyone takes part.

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 4: The day before (pretend Friday Nov 13) Reminders go out, and parents are copied. About 15 minutes.						
CLOCK: Everyone sets pretend time to Fri 11/13/2026, 9:00 AM.						
4.0b	*After 4.0a*	Your own device	Open the TEST site and sign in with your login (if you were in Session 1 and are still signed in, just check). Look at your tabs. If you were not in Session 1, read page 1 of your sheet first.	You are signed in and your tabs match your sheet. The Treasurer, who skipped Session 1, does steps 0.6 and 0.7 here instead (sign in, then try the pretend time bar).	[ ] Pass [ ] Fail	
Phase 7: Payroll (no real money) Earnings from last month's real seeded games, a payroll, approval, and recording a payment. About 25 minutes.						
CLOCK: Everyone: press Use real time. Payroll uses the earlier games already in the system.						
7.1	*Phase 7 begins (everyone: press Use real time first)*	Payments, then Pay rates	**CLOCK: Real time** Look at the rates. Do not change anything.	Youth Home plate $50.00 and Youth Field $25.00 in every division. The Adult table is empty: adults are not paid.	[ ] Pass [ ] Fail	
7.2 ★	*After 7.1*	Payments, then Earnings	Set From to 2026-09-01 and Through to 2026-10-31. Press Work out earnings.	Added 127 earnings ($5,475.00). 97 recorded arrivals earned nothing because that place has no pay rate (adults and the bases). The list shows the earnings.	[ ] Pass [ ] Fail	
7.3	*After 7.2*	Payments, then Earnings	Add two adjustments. First: umpire Sebastian Wilson, amount 10, reason TEST substitute game. Second: umpire Liam Smith (Youth), amount -5.50, reason TEST lost whistle.	Both are listed. The summary reads 127 earnings, $5,475.00, and adjustments of $4.50.	[ ] Pass [ ] Fail	
7.4 ★	*After 7.3*	Payments, then Payroll	Set Period starts 2026-09-01, Period ends 2026-10-31, Note TEST Sept to Oct. Press Create a payroll.	A draft appears with Total $5,479.50, a payment for each family, and a red warning: 2 umpires have no payee yet: Elijah Davis ($300.00) and Oliver Miller ($275.00).	[ ] Pass [ ] Fail	
7.5 ★	*After 7.4*	Payroll	Press Approve payroll (and confirm).	It is REFUSED: Could not approve. These umpires have no payee yet: Elijah Davis, Oliver Miller. The payroll stays a draft.	[ ] Pass [ ] Fail	

#	Start when	Where	What to do	What you should see	Result	Notes
7.6	*After 7.5*	Payments, then Who is paid	Set Elijah Davis's payee to Chris Brown and Oliver Miller's payee to Rita Miller (the account B approved in Phase 1). Save each.	Saved the payee for each. Both lose their 'needs a payee' flags and the count at the top drops by two.	[ ] Pass [ ] Fail	
7.7 ★	*After 7.6*	Payments, then Payroll	Open the draft and press Approve payroll (confirm the $5,479.50).	Approved: waiting to be paid. The payments list shows 10 families: Maria Smith $244.50, Dana Johnson $450.00, Chris Brown $875.00, Rosa Garcia $275.00, Rita Miller $275.00, Pat Nguyen $700.00, Lee Kim $450.00, Sue Patel $685.00, Tom Reyes $700.00, Ana Silva $825.00.	[ ] Pass [ ] Fail	
7.8 ★	*After 7.7*	Payroll	In the payments list find Maria Smith. Choose Check, type TEST-1001 as the reference, and press Record as paid.	Maria Smith's line says Paid by check (TEST-1001). The other lines still say pending, and the payroll still says Approved: waiting to be paid.	[ ] Pass [ ] Fail	
7.10	*After 7.8*	Payroll	Press Download spreadsheet (CSV) and open the file.	A file downloads with one line per umpire: the payee, games, earned, adjustments, total, and payment status (Maria's says paid, check, TEST-1001).	[ ] Pass [ ] Fail	
7.11	*After 7.10 (Treasurer)*	STRIPE PLACEHOLDER: nothing to press	In the real system, this is where each parent would press Set up payments (a Stripe screen) and where the treasurer would send the approved money through Stripe. It is NOT built yet. Write down: where would you expect to find it, what would you want to see, and what would worry you about being paid this way?	Nothing happens. Your notes are the result.	[ ] Pass [ ] Fail	
Phase 9: Things that must NOT work Each person tries to open a page they should not be able to. About 10 minutes.						
9.6 ★	*Phase 9 begins*	The address bar	Try #/games, #/families and #/reports.	None of them shows a page. You only have Payments and My details.	[ ] Pass [ ] Fail	
Phase 10: Wrap-up Everyone writes down what they thought. About 10 minutes.						
10.1	*Phase 10 begins*	Your notes page	Fill in the Notes and problems page: the three most confusing moments, anything that did not work, and one thing that worked well. Give a score from 1 (I would not trust it) to 5 (I would use it next season).	A completed page. Be honest: nothing here is a test of you.	[ ] Pass [ ] Fail	

Notes and problems (D: Treasurer, Session 2)

Write one line for each problem. Blocker = I could not continue. Annoying = it worked but was confusing or slow. Idea = something that would help.

Step #	What happened, or what confused you	Blocker / Annoying / Idea	Who saw it too?

My score, from 1 (I would not trust it) to 5 (I would happily use it next season): _____

The three most confusing moments:

1. _____
2. _____
3. _____

One thing that worked well: _____
