You are G: Parent (Maria Smith)

You are Maria Smith, mother of Liam (14, an umpire) and Sam Young (11, who needs your consent to umpire). You see everything about your own children, read-only.

Tabs you should see	My family, My details
Session 1 (setting up)	You take part (4 steps)
Session 2 (game day and after)	You take part (8 steps)

Rules of the day

- This is a test of the APP, not of you. If something is confusing, that IS the finding: write it down.
- Use your own device (a phone if you can). If you play two people, use two browser windows, one of them private, and keep their pretend clocks separate.
- Do only what your sheet says, when your cue arrives. The facilitator announces each phase on the call.
- Stuck for 3 minutes? Write down the step number and what you saw, tell the facilitator, and move on.
- Do NOT fix or change anything your sheet does not ask for.
- Everything runs on the TEST database. All emails go only to the facilitator's inbox, marked [TEST for ...]. No real person receives anything, and no money moves.
- Tick Pass or Fail for every step. The words on the screen may differ slightly from the sheet: that is fine, but note if a button was hard to find.
- Pretend time (the bar at the top of the page) only changes YOUR browser. Press Use real time when a phase says so.
- A star after a step number (for example 3.1 ★) marks a MUST-PASS step: the minimum the app has to do.

Good to know

- Pretend time changes what the screens, check-in and notes see. A few database rules (such as the date limit when the treasurer works out earnings) use the real date, which is why Phase 7 uses last month's real seeded games.
- The app sends email about every 5 minutes by itself. During the test the facilitator runs the sender by hand, so messages arrive when announced.
- The sign-up email in step 1.1 is the real sign-up system (it goes to a real address), unlike every other message.
- Stripe (real payments) is not built yet. Step 7.11 is a placeholder where your opinion is the result.
- The consent wording is DEMO wording. The real wording will come from the board.
- Written on the sheets: logins and the shared test password. These accounts exist only on the TEST database.

Session 1: Setting up: your steps (G: Parent)

Wait for the facilitator to announce each phase. Within a phase, do a step when its Start when cue happens. Steps for ALL are for everyone.

Session 1: Setting up

Get everyone signed in, add a new umpire, link a parent, build Saturday's schedule, and handle the younger umpire who needs consent. About 70 minutes. The Treasurer can skip this session.

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 0: Before we start Facilitator only, then everyone signs in and checks their screen. About 15 minutes.						
0.6 ★	*After 0.5 (Facilitator)*	Your own device (a phone if you can)	Open the TEST site address from the facilitator. Sign in with the login on your cast sheet. Look at the tabs across the top. Press Sign out, then sign in again.	You land signed in and the tabs match the list on your sheet. Sign out works. Write down anything odd, such as slow loading or a layout that does not fit your phone.	[ ] Pass [ ] Fail	
0.7	*After 0.6*	Top of the page: the Pretend time bar	Press Set pretend time, pick any date and time, press Set. Then press Use real time.	A bar says Pretend time: (the time you chose) (not real). After Use real time it goes away. (Pretend time only affects your own browser.)	[ ] Pass [ ] Fail	
Phase 3: A younger umpire needs a parent's consent Sam Young is 11. The system must refuse until his mother consents. About 15 minutes.						
3.3 ★	*After 3.2 (Umpire Chief)*	My family	Sign in as Maria. Read about both children. Under Sam Young read the consent wording, then press I give consent.	You see Liam (age 14, Active, with his Nov 14 game) and Sam Young (age 11, Waiting for consent). The wording says it is DEMO wording for testing. After you press the button: Thank you. Your consent for Sam Young is recorded. Sam's box now says you gave consent and offers Withdraw consent.	[ ] Pass [ ] Fail	
3.5	*After 3.4 (Scheduler)*	My family	Reload the page and look at the games under each child.	Liam's Nov 14 game is listed (Confirmed). Sam Young's 11:00 AM game at Kennedy Middle School is listed as Assigned.	[ ] Pass [ ] Fail	

Notes and problems (G: Parent, Session 1)

Write one line for each problem. Blocker = I could not continue. Annoying = it worked but was confusing or slow. Idea = something that would help.

Step #	What happened, or what confused you	Blocker / Annoying / Idea	Who saw it too?

My score, from 1 (I would not trust it) to 5 (I would happily use it next season): _____

The three most confusing moments:

1. _____
2. _____
3. _____

One thing that worked well: _____

Session 2: Game day and after: your steps (G: Parent)

Wait for the facilitator to announce each phase. Within a phase, do a step when its Start when cue happens. Steps for ALL are for everyone.

Session 2: Game day and after

The day before, game day, the reports, payroll, and the later changes (consent withdrawn, turning 18), then the things that must not work. About 2 hours. Everyone takes part.

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 4: The day before (pretend Friday Nov 13) Reminders go out, and parents are copied. About 15 minutes.						
CLOCK: Everyone sets pretend time to Fri 11/13/2026, 9:00 AM.						
4.0b	*After 4.0a*	Your own device	Open the TEST site and sign in with your login (if you were in Session 1 and are still signed in, just check). Look at your tabs. If you were not in Session 1, read page 1 of your sheet first.	You are signed in and your tabs match your sheet. The Treasurer, who skipped Session 1, does steps 0.6 and 0.7 here instead (sign in, then try the pretend time bar).	[ ] Pass [ ] Fail	
4.4	*After 4.3 (Facilitator)*	Your imagination, with the facilitator	Listen while the facilitator reads out the 'Copy for Liam Smith' and 'Copy for Sam Young' emails. Would you understand them? Would you want more or fewer?	There is nothing to press. Write your honest reaction on your notes page.	[ ] Pass [ ] Fail	
Phase 5: Game day (pretend Saturday Nov 14) Check-in, running late, a no-show, a replacement, notes, and a rainout. About 30 minutes.						
CLOCK: Everyone sets pretend time to Sat 11/14/2026, 7:30 AM to start. Steps say when to move your clock forward.						
5.12	*After 5.11 (Scheduler)*	My family	Reload and look at Sam Young's games.	Sam's 11:00 AM game now shows Game canceled.	[ ] Pass [ ] Fail	
Phase 7: Payroll (no real money) Earnings from last month's real seeded games, a payroll, approval, and recording a payment. About 25 minutes.						
CLOCK: Everyone: press Use real time. Payroll uses the earlier games already in the system.						
7.9 ★	*After 7.8 (Treasurer)*	My family	Reload and look at Payments to you, and at Liam's Earnings.	Paid to you so far: $244.50 and a line Paid by check. Liam's earnings are listed. (His individual lines may still say 'Approved: payment coming' until every family is paid: write down whether that confuses you.)	[ ] Pass [ ] Fail	
7.11	*After 7.10 (Treasurer)*	STRIPE PLACEHOLDER: nothing to press	In the real system, this is where each parent would press Set up payments (a Stripe screen) and where the treasurer would send the approved money through Stripe. It is NOT built yet. Write down: where would you expect to find it, what would you want to see, and what would worry you about being paid this way?	Nothing happens. Your notes are the result.	[ ] Pass [ ] Fail	

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 8: Families, later Consent withdrawn, and a youth turning 18. About 15 minutes.						
8.1	*Phase 8 begins*	My family	Press Withdraw consent under Sam Young and confirm.	Sam shows Waiting for consent again and the message says your consent is withdrawn.	[ ] Pass [ ] Fail	
Phase 9: Things that must NOT work Each person tries to open a page they should not be able to. About 10 minutes.						
9.3 ★	*Phase 9 begins*	The address bar	Try #/families, #/payments, #/games and #/reports. Then look at My family again.	None shows a page. My family shows only Liam and Sam Young: no other family's child.	[ ] Pass [ ] Fail	
Phase 10: Wrap-up Everyone writes down what they thought. About 10 minutes.						
10.1	*Phase 10 begins*	Your notes page	Fill in the Notes and problems page: the three most confusing moments, anything that did not work, and one thing that worked well. Give a score from 1 (I would not trust it) to 5 (I would use it next season).	A completed page. Be honest: nothing here is a test of you.	[ ] Pass [ ] Fail	

Notes and problems (G: Parent, Session 2)

Write one line for each problem. Blocker = I could not continue. Annoying = it worked but was confusing or slow. Idea = something that would help.

Step #	What happened, or what confused you	Blocker / Annoying / Idea	Who saw it too?

My score, from 1 (I would not trust it) to 5 (I would happily use it next season): _____

The three most confusing moments:

1. _____
2. _____
3. _____
