Tabs you should see	Home, My details
Session 1 (setting up)	You take part (8 steps)
Session 2 (game day and after)	You take part (6 steps)

Rules of the day

- This is a test of the APP, not of you. If something is confusing, that IS the finding: write it down.
- Use your own device (a phone if you can). If you play two people, use two browser windows, one of them private, and keep their pretend clocks separate.
- Do only what your sheet says, when your cue arrives. The facilitator announces each phase on the call.
- Stuck for 3 minutes? Write down the step number and what you saw, tell the facilitator, and move on.
- Do NOT fix or change anything your sheet does not ask for.
- Everything runs on the TEST database. All emails go only to the facilitator's inbox, marked [TEST for ...]. No real person receives anything, and no money moves.
- Tick Pass or Fail for every step. The words on the screen may differ slightly from the sheet: that is fine, but note if a button was hard to find.
- Pretend time (the bar at the top of the page) only changes YOUR browser. Press Use real time when a phase says so.
- A star after a step number (for example 3.1 ★) marks a MUST-PASS step: the minimum the app has to do.

Good to know

- Pretend time changes what the screens, check-in and notes see. A few database rules (such as the date limit when the treasurer works out earnings) use the real date, which is why Phase 7 uses last month's real seeded games.
- The app sends email about every 5 minutes by itself. During the test the facilitator runs the sender by hand, so messages arrive when announced.
- The sign-up email in step 1.1 is the real sign-up system (it goes to a real address), unlike every other message.
- Stripe (real payments) is not built yet. Step 7.11 is a placeholder where your opinion is the result.
- The consent wording is DEMO wording. The real wording will come from the board.
- Written on the sheets: logins and the shared test password. These accounts exist only on the TEST database.

Session 1: Setting up: your steps (E: Adult Umpire)

Wait for the facilitator to announce each phase. Within a phase, do a step when its Start when cue happens. Steps for ALL are for everyone.

Session 1: Setting up

Get everyone signed in, add a new umpire, link a parent, build Saturday's schedule, and handle the younger umpire who needs consent. About 70 minutes. The Treasurer can skip this session.

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 0: Before we start Facilitator only, then everyone signs in and checks their screen. About 15 minutes.						
0.6 ★	*After 0.5 (Facilitator)*	Your own device (a phone if you can)	Open the TEST site address from the facilitator. Sign in with the login on your cast sheet. Look at the tabs across the top. Press Sign out, then sign in again.	You land signed in and the tabs match the list on your sheet. Sign out works. Write down anything odd, such as slow loading or a layout that does not fit your phone.	[ ] Pass [ ] Fail	
0.7	*After 0.6*	Top of the page: the Pretend time bar	Press Set pretend time, pick any date and time, press Set. Then press Use real time.	A bar says Pretend time: (the time you chose) (not real). After Use real time it goes away. (Pretend time only affects your own browser.)	[ ] Pass [ ] Fail	
Phase 1: New people join A new umpire signs up and a waiting parent is approved and linked to a child. About 15 minutes.						
1.1 ★	*Phase 1 begins*	Sign-in page, then Create account	Sign up as a NEW adult umpire using YOUR OWN real email address. Use the name Test followed by your first name. Choose Adult umpire. Make up a password.	With Confirm email ON (like the live project): a message says your registration was submitted, and to check your email for a confirmation link. (That email comes from the real sign-up system, not from the test mailbox.) With Confirm email OFF (the TEST project may still be set that way, see step 0.8): you are signed in straight away and see Awaiting approval, and no email is sent: go on to step 1.3.	[ ] Pass [ ] Fail	
1.2	*After 1.1*	Your email inbox, then the app	Only if you were told to check your email in 1.1: open the confirmation email and press its link, then sign in with your new account. (If you went straight to Awaiting approval in 1.1, there is nothing to confirm: just carry on.) If the app asks for your details (name, phone, birth date), fill them in and save.	You are signed in and the app says Awaiting approval (or asks for your details first, then says Awaiting approval).	[ ] Pass [ ] Fail	
1.4	*After 1.3 (Umpire Chief)*	The app	Reload the page, or sign out and in.	You now see Home with Welcome and your name, and a My schedule section that says you have no games.	[ ] Pass [ ] Fail	

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 2: Building the schedule Assign umpires to Saturday Nov 14, confirm, take a game, set availability, and try the umpire suggestions. About 25 minutes.						
2.7	*After 2.5 (Scheduler)*	Home, then My schedule	Sign in as Michael Chang. You now have three games on Nov 14 (9:00 AM, 12:30 PM and 5:00 PM). Press Confirm on the 9:00 AM game ONLY. Leave the other two alone.	The 9:00 AM game says Confirmed. The 12:30 PM and 5:00 PM games still say Assigned (not confirmed).	[ ] Pass [ ] Fail	
2.8	*After 2.7*	Home, then Games you can take	Set From to 2026-11-21 and take any one open game (press Take).	The game moves into My schedule on Saturday Nov 21.	[ ] Pass [ ] Fail	
2.9	*After 2.8*	Home, then My availability	Press Add and mark yourself unavailable (I can't) for Sunday 2026-11-22. Then press Remove to take it off again.	The entry appears in your availability list, and disappears after Remove.	[ ] Pass [ ] Fail	

Notes and problems (E: Adult Umpire, Session 1)

Write one line for each problem. Blocker = I could not continue. Annoying = it worked but was confusing or slow. Idea = something that would help.

Step #	What happened, or what confused you	Blocker / Annoying / Idea	Who saw it too?

My score, from 1 (I would not trust it) to 5 (I would happily use it next season): _____

The three most confusing moments:

1. _____
2. _____
3. _____

One thing that worked well: _____

Session 2: Game day and after: your steps (E: Adult Umpire)

Wait for the facilitator to announce each phase. Within a phase, do a step when its Start when cue happens. Steps for ALL are for everyone.

Session 2: Game day and after

The day before, game day, the reports, payroll, and the later changes (consent withdrawn, turning 18), then the things that must not work. About 2 hours. Everyone takes part.

#	Start when	Where	What to do	What you should see	Result	Notes
Phase 4: The day before (pretend Friday Nov 13) Reminders go out, and parents are copied. About 15 minutes.						
CLOCK: Everyone sets pretend time to Fri 11/13/2026, 9:00 AM.						
4.0b	*After 4.0a*	Your own device	Open the TEST site and sign in with your login (if you were in Session 1 and are still signed in, just check). Look at your tabs. If you were not in Session 1, read page 1 of your sheet first.	You are signed in and your tabs match your sheet. The Treasurer, who skipped Session 1, does steps 0.6 and 0.7 here instead (sign in, then try the pretend time bar).	[ ] Pass [ ] Fail	
Phase 5: Game day (pretend Saturday Nov 14) Check-in, running late, a no-show, a replacement, notes, and a rainout. About 30 minutes.						
CLOCK: Everyone sets pretend time to Sat 11/14/2026, 7:30 AM to start. Steps say when to move your clock forward.						
5.6 ★	*After 5.1 (Youth Umpire)*	Home, then My schedule	**CLOCK: Sat 11/14 8:00 AM** Set pretend time to Sat 8:00 AM. Decline your 9:00 AM game at Bechet Field: press Decline, then Decline this game.	The game is no longer yours (it shows as declined) and your 12:30 PM and 5:00 PM games are still yours.	[ ] Pass [ ] Fail	
5.13	*After 5.11 (Scheduler)*	Home, then My schedule	**CLOCK: Sat 11/14 12:20 PM** Set pretend time to Sat 12:20 PM. For your 12:30 PM Majors game at Mitchell Field press I'm here.	It records your arrival at about 12:20, on time.	[ ] Pass [ ] Fail	
Phase 7: Payroll (no real money) Earnings from last month's real seeded games, a payroll, approval, and recording a payment. About 25 minutes.						
CLOCK: Everyone: press Use real time. Payroll uses the earlier games already in the system.						
7.11	*After 7.10 (Treasurer)*	STRIPE PLACEHOLDER: nothing to press	In the real system, this is where each parent would press Set up payments (a Stripe screen) and where the treasurer would send the approved money through Stripe. It is NOT built yet. Write down: where would you expect to find it, what would you want to see, and what would worry you about being paid this way?	Nothing happens. Your notes are the result.	[ ] Pass [ ] Fail	
Phase 9: Things that must NOT work Each person tries to open a page they should not be able to. About 10 minutes.						

#	Start when	Where	What to do	What you should see	Result	Notes
9.2 ★	*Phase 9 begins*	The address bar	Try #/payments, #/reports, #/families and #/games the same way.	None of them shows a page.	[ ] Pass [ ] Fail	
Phase 10: Wrap-up Everyone writes down what they thought. About 10 minutes.						
10.1	*Phase 10 begins*	Your notes page	Fill in the Notes and problems page: the three most confusing moments, anything that did not work, and one thing that worked well. Give a score from 1 (I would not trust it) to 5 (I would use it next season).	A completed page. Be honest: nothing here is a test of you.	[ ] Pass [ ] Fail	

Notes and problems (E: Adult Umpire, Session 2)

Write one line for each problem. Blocker = I could not continue. Annoying = it worked but was confusing or slow. Idea = something that would help.

Step #	What happened, or what confused you	Blocker / Annoying / Idea	Who saw it too?

My score, from 1 (I would not trust it) to 5 (I would happily use it next season): _____

The three most confusing moments:

1. _____
2. _____
3. _____

One thing that worked well: _____
